CleanroomNews

Now, we are proud to announce that we are going to start publishing CleanroomNews, The Cleanroom Technology Magazine which is the “one and only” sectoral periodical in the field of cleanroom technologies in Turkey.

Industrial, medical and R&D facilities definitely require cleanrooms in order to keep on technological developments in their business fields. The concerned professionals will find all detailed information, know-how, new technologies and developments about; designing, equipping, processing, controlling and validating the cleanrooms in CleanroomNews Magazine.

CleanroomNews will be bimonthly prepared in tabloid sizes, all coloured and will be distributed “free of charge” to its subscribers. Aside the printed copies, the CleanroomNews

will also reach the concerned professionals via web and mobile applications, who are active in the market and included by our permanently updated database.

Printed Copies : 5.000 PIECE
